**Subject:** SO2 CDD  
**Location:** ConfRmE326  
**Start:** 4/29/2020 2:00:00 PM  
**End:** 4/29/2020 3:00:00 PM  
**Show Time As:** Busy

Michael,

Aaron has completed his review and I'll send you the draft notice later today. Please review the argument for the CDD for each area. As Daphne said on the phone this morning, "This is not a normal Clean Data Determination." We didn't get into details but she said that they were looking at emissions trends and considering the Welsh monitoring data. She said they did not want to model.

-Bob

**Sent:** Friday, April 24, 2020 9:28 AM  
**To:** Daphne McMurrer; zhaohua.fang@tceq.texas.gov; Timothy Janke; Imhoff, Robert  
**Subject:** SO2 CDD  
**When:** Wednesday, April 29, 2020 9:00 AM-10:00 AM (UTC-06:00) Central Time (US & Canada).  
**Where:** ConfRmE326

Opportunity to discuss plans for Clean Data Determination for SO2.

This is a conference call. We just use the room as a surrogate for the line to be sure we do not double book it.
